ASWIN P P

Flutter Developer

aswinpp67@gmail.com | 8590473568 | Kannur

CAREER SUMMARY:

Motivated and detail-oriented Flutter Developer with hands-on experience in mobile app development, API integration, and UI/UX design. Proficient in Flutter, Dart, and Firebase with a solid understanding of state management using Provider. Passionate about building responsive, user-centric applications and contributing to dynamic development teams.

WORK EXPERIENCE:

Junior Software Developer 08/2025 – Present

Tahr Tech Studio

- Developed and maintained mobile and web applications using Flutter, integrating RESTful APIs and third-party services to enhance functionality and user experience.
- Collaborated with cross-functional teams to gather requirements, deliver high-quality features, and ensure responsive, accessible, and consistent cross-platform UI/UX.
- Troubleshot and resolved application issues, improving performance, reliability, and overall product stability.

Flutter Developer Intern

MakBig

- Gained hands-on experience in Flutter app development with a focus on
- real-world project execution.
- Developed applications utilizing API integrations, enhancing understanding
- of external service communication and data handling.

RELEVANT PROJECTS:

WordsView – Blog App

Flutter, FastAPI, Provider, Firebase

- Developed a responsive blog application with user authentication, profile management, and full CRUD functionality.
- integrated backend APIs and used Provider for efficient state management.

Nearby Shoppie – Shopping App

Flutter, Getx

- Developed a local grocery ordering app with multi-shop support, including product listing, cart, and order management, enabling users to browse and place orders seamlessly.
- Implemented state management with GetX for reactive UI updates, efficient navigation, and dependency injection, improving app performance and maintainability.
